

Our Important Volunteer of the year is **Fanny Garber**. Fanny has served as a 4-H leader for eight years. She was a leader for the Elk Creek 4-H club for two plus years and also a project and resource leader for the Cove Circle Creations 4-H club for over six years. She has been a project leader for Robotics and Photography and assisted members with Clothing and Heritage Arts projects.

Fanny served as a Junior Leader's parent advisor for over 5 years and has served on the Fashion Revue committee the past seven years. She also had been an Arapahoe County Fair co-superintendent in the Family and Consumer Science and General project areas the past three years.

She is also an outstanding community member. She volunteers at her church teaching youth classes and language classes. Teaching language classes to her community is near and dear to her heart. She helps her elderly neighbor with household duties and helps her neighbor travel to visit family. She also volunteered with the Boy Scouts when her son, Marston, was in scouts.

Shaylen Florez, 4-H program coordinator, says we are extremely lucky to have Fanny as an Arapahoe County 4-H Volunteer. She goes above and beyond in her volunteer roles and even though her children have graduated out of the program, she continues to be a 4-H resource leader and stays on as one of the co-superintendents at the county fair.

Congratulations Fanny!
